MEMORANDUM FOR:

SUBJECT : Professor John Kenneth Galbraith  
F-75-6307

The O/DCI concurs in the draft of the response to Professor John Kenneth Galbraith in connection with FOIA request F-75-6307. You refer to "one document" which was located by OS and returned to me for determination of release. I could not tell from this collection which document you are referring to. Lastly, Mr. Evans, the Executive Secretary, suggests that copies of cables containing true names of coordinators, originators, and releasing officers should not be furnished unless these are deleted since some may be under cover.
